FORENSICS CONSULTING SOLUTIONS ADDS CLEARWELL E-DISCOVERY PLATFORM TO THEIR EXISTING E-DISCOVERY OFFERING

Phoenix, AZ – September 27, 2008 – Forensics Consulting Solutions, LLC, a premier provider of E-Discovery solutions to the legal and corporate communities, announced today that it is offering Clearwell E-Discovery Platform[®] to their elite clientele. Forensics Consulting Solutions (“FCS”) will be the newest partner to provide Clearwell, which was ranked as a “Top Five E-Discovery Software Provider” in the 2008 Socha-Gelbmann Electronic Discovery Survey. K.J. Kuchta, CEO of FCS, believes that Clearwell’s integrated processing and analysis capabilities will be a tremendous addition to FCS’ current solution offerings.

“The Clearwell E-Discovery Platform[®] showed amazing promise for integration with our many solution offerings,” said Linda Hood, Vice President of Client Development and Marketing for FCS. “We were extremely impressed with Clearwell’s rapid processing, advanced searching and filtering capabilities, and its ability to quickly eliminate irrelevant documents. In combination with the consulting services offered by FCS, we will be able to continue to assist

our clients in reducing the rising costs of litigation. Clearwell also easily integrates with litigation support databases via EDRM-compliant XML load files, which means our clients can enjoy time reduction and cost savings with minimal effort.”

“The Clearwell E-Discovery Platform[®] provides the FCS Consultants and clients with quick visibility into case facts, significantly accelerating early case analysis. This capability will be in high demand, providing FCS’ clients with a window into the facts quickly and efficiently, while holding down cost,” said Mark Walker, Director of Consulting Services at FCS.

With the cost of Electronic Discovery increasing and the need for compliance with the 2006 Federal Rules, many companies are searching for ways to reduce review costs through intelligent analysis and advanced culling techniques. Clearwell E-Discovery Platform[®] has been proven to accelerate early case analysis, intelligently cull-down data and increase overall reviewer productivity.

FCS is proud to partner with this prestigious firm and looks forward to a prosperous, successful relationship with Clearwell Systems, Inc.

About Forensics Consulting Solutions, LLC:

Founded in 2001, Forensics Consulting Solutions is a boutique consulting firm with a global reach that includes North and South America, Europe, the Middle East, and Asia. Working with a select group of clients, FCS has been an integral contributor to a number of high-profile litigation and M&A activities in recent years. Projects have included the Michelson v. Medtronic’s litigation, the P&G/Gillette and Sprint/Nextel mergers, and the ongoing AMD v. Intel litigation. For more information on FCS’ full service E-Discovery service offerings, visit www.forensicsconsulting.com.

About Clearwell Systems, Inc.:

Clearwell Systems is transforming the way enterprises perform e-discovery in response to litigation, regulatory inquiries, and corporate investigations. By automating the processing, analysis, and review of all electronically stored information, Clearwell enables enterprises to accelerate early case assessments, lower processing costs, reduce review workload and gain control of E-Discovery. Clearwell was ranked a "Top 5" E-Discovery software vendor for corporations in the 2008 Socha-Gelbmann Electronic Discovery Survey.
